

A photograph of a two-story red brick house with a gabled roof. The roof is covered with dark tiles and has several solar panels installed. There are dormer windows on the roof. The house has white-framed windows and a grey arched door on the left. A dark, semi-transparent rectangular overlay covers the central part of the image, containing white text. The foreground shows a paved area with a herringbone pattern of red bricks. To the right, there is a parking area with a silver car and some greenery. The sky is blue with some clouds.
